Experience

PM SHRI Kendriya Vidyalaya, Pandhurna July 2026 – August 2026

Societal Intern – AI Software Development

- Developed and demonstrated AI-integrated project workflows using prompt engineering, LLM tools, and AI-assisted development platforms to address practical, real-world use cases.
- Worked on design-to-code workflows, AI tool integration, and application development concepts, demonstrating how emerging AI technologies can be implemented in practical projects.
- Explored local LLM execution using Ollama and AI application prototyping using Google AI Studio.

MediCaps University, Indore June 2026 – July 2026

AWS Cloud Computing Trainee

- Completed training in AWS Cloud Foundations and Cloud Architecting, gaining knowledge of core cloud concepts, AWS services, and cloud architecture fundamentals.
- Studied the principles of scalability, security, reliability, and cost optimization in cloud environments.

  Tech Stack: AWS, Linux, Apache HTTP Server, Cloud Computing, Cloud Architecting

Projects

HostelResolve | *Hostel Complaint Management System*

- Developed backend services and RESTful APIs for complaint management, tracking, and resolution to improve transparency between hostel residents and wardens.
- Implemented SMTP-based email notifications and an automated escalation workflow to notify higher authorities about unresolved complaints.

  Tech Stack: React.js, Node.js, Express.js, MongoDB, REST APIs, SMTP

Hostmate | *Rental Marketplace Platform*

- Developed a rental marketplace with property listing, search, and filtering functionality to streamline property discovery and management.
- Integrated location-based property discovery, cloud-based image management, and secure payment processing with automated payment verification using webhooks.

  Tech Stack: MongoDB, Express.js, React.js, Node.js, Cloudinary, OpenStreetMap, Razorpay

Education

Medicaps University August 2023 – June 2027

Bachelor of Engineering in Computer Science Engineering *Indore, India*

Technical Skills

Programming Languages: Java, JavaScript, SQL

Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks

Frontend Development: HTML, CSS, React.js, Bootstrap, Tailwind CSS

Backend Development: Node.js, Express.js, Spring Boot, REST APIs, JWT Authentication, MVC Architecture

Databases: MongoDB, MySQL

Tools & Version Control: Git, GitHub, Postman, VS Code, Linux

Cloud & DevOps: AWS, Docker, Jenkins, Kubernetes, CI/CD
